OFFICIAL STATEMENT

Subject: Aspects related to the new and great stage "Empowered Forever".

It is important for the company to have an assertive communication with the entire community in relation to this new stage "Empowered Forever".

The following are some of the key points to keep in mind in order to make positive progress in leadership development:

As everyone is aware, on April 19, 2021, a new stage called "Empowered Forever" began. However, an early settlement (Proration) was made to all users, generating a gain not contemplated in the compensation plan.

- As a consequence of the above, it was necessary to make an adjustment to the system, which was put into maintenance on May 07, 2021 at 10:00 am Hong Kong time, in order to make the return of the liabilities sent (Proration).

Indispensable aspects to take into account:

- a) The company did not debit the amount credited to users who received proration on April 19, 2021 and made full or partial withdrawals to the E-transfer until May 7, 2021 - 10:00 am Hong Kong time.
- b) The company did not debit the amount credited to the memberships whose Passive bonus is fulfilled between April 19 and May 24. (In your backoffice you will see this amount credited in advance). They will only be available for withdrawals in tokens.

c) The company will pay the proration on the date corresponding to their Passive Bonus to the users whose Passive Bonus is fulfilled after May 24, 2021. They will only be able to make withdrawals to their E-transfer between May 30 to June 3, 2021. Does not apply to withdrawals in BTC.

2. The company will enable cashing out in BTC in the month of May as promised allowing all memberships whose accumulated earnings until April 18, 2021 that are greater than the minimum withdrawal per BTC as stipulated in the terms and conditions to request their funds to the wallets registered in their backoffices, if they so wish. In this way, the company will be up to date with payments to the entire community until April 18.

a) The dates on which users will be able to make their withdrawal request in BTC, if they so wish, will be from May 30 to June 3, 2021. On these dates there will be availability of the withdrawal in BTC.

b) Users whose earnings are generated as of April 19 will be able to withdraw in BTC if they wish, as long as the value of their E-wallet's is above the minimum withdrawal in BTC on the day of their request, which date will be from September 26 to 30, 2021.

c) Users whose earnings are generated in the months of October and November 2021 will be able to withdraw in BTC, if they wish, as long as they have the value above the minimum withdrawal in BTC, from December 12 to December 23, 2021.

We thank you and continue on the path of excellence.

Sincerely yours,
